

## MEMORIAL TREE PROGRAM DETAILS

The TCMCC Memorial Tree Program allows you to remember your loved ones by contributing to the quality of life of all of our residents.

Not only will your loved one be honored with a leaf on the Donors' Memorial Tree, in the lobby, but if your donation is requested to be used for the purchase of a specific item, your loved one's name may also be engraved on a plaque mounted directly on that item.

Memorial Donations have been used in the past for the purchase(s) of:

- Trees and shrubs for the facility's approved landscaping projects.
- Park benches and picnic tables for the various garden areas.
- Elevated planters to allow wheelchair access for residents who love to plant and maintain flower gardens.
- Wheel-chair accessible Picnic Tables for the Outdoor Pavilion.
- Memory Alcoves on the units, representing the various decades in which our residents have grown, lived or raised their families.
- Bird Aviaries, located on two units, where residents can enjoy the beauty and sounds of a variety of small birds.

MEMORIAL TREE  
DESIGN

The Memorial Tree's custom design is modeled after our logo, which has special meaning to the facility. The tree's trunk and branches represent the facility and the various services we provide. The leaves represent the residents, staff, volunteers and families who make our building such a special community. The heart in the middle of the trunk represents the compassionate care we provide to our residents as they manage the challenges of life's ever-changing continuum.

**The Memorial Tree allows you to:**

- Recognize your organization, or a member of your organization.
- Give a gift of gratitude.
- Honor the memory of a deceased friend or relative.

**Another Way to Give:**

**Tuscola County Medical Care  
Community Foundation**

A Designated Fund of the Tuscola  
County Community Foundation

With healthcare revenues supported by tax dollars becoming increasingly volatile, the TCMCC Foundation was established in 2014 to provide a stable supplement to operations, ensuring that future generations continue to receive high quality care.
